

MERCHANT SERVICES

Your business is constantly evolving.
It's time to rethink the way you accept debit and credit cards.

Are You Ready to Simplify Payment Processing?

Efficient payment processing can be the most effective way to grow and manage your business. Whether you accept payments in person, online, or on the go, we have the solutions for your merchant service needs. Your business will receive all of the technology needed to start accepting credit and debit cards.

- **Saves Time:** Accept payments for credit cards, debit cards, and mobile wallets with versatile card readers.
- **Convenience:** Enable online payment processing for highly integrated e-commerce systems or even the most basic storefronts.

Use Virtual Cards to Improve Vendor Payments

- Pay vendors and monetize rebates securely.
- Set exact transfer amounts, spending limits, and business types.
- Improved controls with pull vs. push information.
- Designate one-time or multiple uses with assigned reference numbers.
